For "You"

### "I AM" VERY SPECIAL

"I Am" special...In all the world there is nobody exactly like me...

Since the beginning of time, there has never been another person exactly like me...nor will there ever be in the future...

No one has my smile, my eyes or nose, my hair, my hands or my voice. Nobody has my handwriting..."I Am" special...No one can paint my brush strokes. Nobody has my special taste in food or music or drama or art. No one in the world sees things just exactly as I do...

In all of time, there has never been anyone who laughs exactly as I do or cries or thinks exactly as I do...And what makes me laugh or cry or think in precisely my way might elicit a totally different reaction from someone else..."I Am" special. "I Am" different from every other person who has ever Lived or will ever Live in the history or future of the Universe...

"I Am" the only one in the whole of creation who has my particular set of abilities...Now, there is always someone who is better than "I Am" at one thing or another because every human being is superior to every other person in at least one regard...But, "I Am" special...And "I Am" superior to each other person in at least one regard...

No one in the Universe can reach the quality of the combination of my talents, my abilities, my feelings, my heart, my head, my hands...Like a room full of musical instruments—some may excel alone—but none can match the symphonic sound made when all are played together..."I Am" a unique symphony...

Through all eternity, no one will ever look, walk, talk, think or act exactly like I do..."I Am" special..."I Am" rare...And in all of rarity, there is enormous value...Because of my great value, I need not imitate any other person...I will accept, verily, celebrate my differences because..."I Am" special.

And it is no accident that "I Am" special...I must realize that God has made me special for a specific Purpose...He has chosen a job for me to do that no one else can do as well as I can...out of the billions of applicants, only one is qualified...Only one has that unique, right combination of what it takes...And "I Am" that one...

"I Am" special..."I Am" very special...AND SO IS EVERY OTHER HUMAN BEING.
